

PRIMARY SCHOOL SUNBEAM

April 2025

HAPPENINGS IN OUR CLASS

PRESCHOOL

Spring is here!!! The Preschool is hard at work with lessons and learning our new playname letters each week. We have also just started our final literature story, I am a Mouse. The children have been busy preparing for the Spring Assembly, and they are really looking forward to the Egg Hunt and class party coming up. We have also started talking about our class play, Hurray for Spring, which will take place May 22nd! Learning, Friendship, and fun have been on our agenda as we get closer to the end of the school year.

PRE-KINDERGARTEN

It's busy, busy, busy right now in the Pre-K classroom. We have been practicing everyday for our class play called, "That's What Friends Are For." Also, they have been staying busy with class work and art projects to get their room ready for the parents to see. The children are so excited to show all their hard work this far. It will be a memorable day for sure. Plus, we have started practicing for their Spring poems and songs for their upcoming Spring assembly. There is no slowing them down now.

JR. KINDERGARTEN

Spring is definitely here. We have started learning about Spring such as butterflies and ladybugs. In fact, we decided to dig in deeper and get some caterpillars and pupas as a class pet. The children have been watching them aimlessly in excitement to see what stage they are in their life cycle. Patiently waiting. In the meantime, we continue to work on our penmanship and have started a new set of math book too. We just finished our literature book called, "Tim the Tadpole and the Great Bullfrog," and will start a new adventure with, "The Little Rabbit Who Wanted Red Wings." Also, the children are practicing for their Spring assembly coming up. Lots of practice, practice, practice. It's another busy time in the Jr. K class as always.
