

# PRIMARY SCHOOL SUNBEAM

February 2025

## What We Learned

### PRESCHOOL

Preschool is back to learning, playing, and being together again as we return back from the winter break. We would also like to welcome two new students to our class, Araya and Gemma. Both girls have adjusted well, and we are so happy to have them be a part of our Preschool class. During lessons, we have introduced the letters and playnames this past month. We have also started our new literature book, "Ask Mr. Bear." The children are thriving in their coloring and cutting skills, and are very busy preparing for the fun Valentines Day festivities ahead!

### PRE-K

The Pre-K children have kept busy with practicing our poems and songs for our upcoming assembly, and continuing to master writing their pairs and numbers. And of course, they look forward to learning more about our friend Tim the Tadpole during literature time. Additionally, they have enjoyed welcoming our new Pre-K friend Neon these past couple days. They have all been such great friends by showing him around and helping him get used to our routine. We are excited to now have 13 amazing Pre-Kers as a part of our group.

### JR. KINDERGARTEN

We continue to master our sounds and letters, write our letters(bent legs) and numbers(double digit), enjoy their French and Music classes, and so much more. We are getting into the Valentine spirit and learning about our presidents too. The Jr. K are in high gear learning their poems for the upcoming Valentine assembly plus have now joined the upper grades assembly every Friday. They are putting in double work on their stage presence and poems with the big kids now. We will soon get into our discussion on our class play. There is so much more to come.

## Reminders

### CLASSPLAY

**Mrs. Toyer's Class**  
May 22
