

PRIMARY SCHOOL SUNBEAM

OCTOBER 2024

HAPPENINGS

In Preschool, they are settling in well to their routine and building friendships with their classmates. The children are enjoying our current literature book story "Goodnight Moon," and they are building up their stamina and focusing during lesson time. The children are enjoying all of their lessons and art time as we dive into the Fall season. We will be learning about changing colors, how pumpkins grow, and what is inside. Also, we can't wait for Fall festival as we practice our songs for our performance at the end of the month.

Our Pre-K has been busy catching up with the Runaway Bunny and his adventures. They are also practicing how to write their 8 c's and numbers. Our weekly music and French are their favorites. They enjoy learning some French with Madam Renslow and rhyming with Mr. Sasser. We are looking forward to our upcoming Fall assembly. The children have been learning their new songs and poems for the special day.

In Jr. K, the children have been very busy. We are finishing up with our literature book, "The Runaway Bunny," and learning about Mary's Home and Daddy's Garden. They are busy writing their letters and numbers as we review the playnames of each letter. The children truly enjoy when they have their music with Mr. Sasser and French class with Madam Renslow too. We started block lessons with Mrs. Rosenberg and we continue working on learning all our shapes too. In science, we were busy learning about apples and they enjoyed doing our fun activities with apples. We are getting ready to learn more about Fall and started practicing our poems and songs for our next assembly.

UPCOMING EVENTS

Tuesday, October 15th

Picture Day

More info to come.

Friday, October 25th

Primary School Fall Assembly/Party
